

## Description

# [DISPENSING CAPSULE FOR A LIQUID CONTAINER]

### BACKGROUND OF INVENTION

LKB [0001] This application is a continuation-in-part of U.S. Serial No. 10/155,461 filed May 24, 2002, <sup>U.S. Patent NO. 6,644,471,</sup> and U.S. Patent Application No. 10/605,873 filed November 3, 2003.

[0002] Field of the Invention

[0003] This invention relates to a liquid and/or dry ingredient dispensing capsule that is mounted to the body of a bottle, pack, pouch, carton, can or any other liquid container or inserted into the neck or into the cap. The capsule stores liquid and/or dry substances which can be rapidly dispensed into the container by manual activation when desired and the mixed contents can be thereafter readily consumed by the user.

[0004] Description of the Prior Art

[0005] Many foods, drugs, cosmetics, mouth washes, adhesives,
